

Welcome to the Fort!

We are the proud Patriots of Fort Washington Elementary. Fort Washington Elementary is a high-achieving school whose mission is to provide a safe learning environment in which everyone collaborates to ensure students reach their full potential in developing mind, body, and character. The Fort Washington community is dedicated to maintaining an effective and efficient educational team of students, parents, educators, and community members to direct and facilitate the delivery of exemplary curricular and co-curricular services. It is also our mission to prepare all individuals to successfully deal with the changing world and to become productive, contributing members of society.

Fort Washington has once again earned the Clovis Unified School District (CUSD) Exemplary School Award for excellence in education and co-curricular programs. Fort Washington was also named a California Honor Roll School with special STEM designation. Fort Washington has much to be proud of this year. The Patriots continue to be some of the best-prepared students as they enter Kastner Intermediate School, and continue their successful educational journey at Clovis West High School.

Fort Washington fosters high standards and expectations. It is our core belief to teach the whole child – *in mind, body, and spirit*. It is our goal to provide an opportunity for every student to be involved. There are numerous co-curricular activities at Fort Washington including academic enrichment, athletics, humanities, school service, music, and the performing arts.

Parent involvement is strong at Fort Washington. Parents are encouraged to be actively involved in their child's education. Our Parent Association has been a dedicated group for more than four decades by providing financial, emotional and volunteer support to our school. We are a proud school with a proud past, but the future we are providing for students is what makes Fort Washington the place to be.

Pates are GREAT!

Sincerely,

Mrs. Hashimoto

Principal
