

Clovis Unified is excited to announce a new device insurance program as a resource for parents who have checked out, or will be checking out, a Laptop/Chromebook or Hotspot for their student to use at home.

Parents now have the option to purchase a \$25 Insurance policy for laptop/computers and \$15 for a Hotspot from Clovis USD to cover accidental damage and theft. This would be a one-time fee per specific device for the school year to cover potential incidents like cracked screens, missing keyboard keys, damaged plastics, liquid spills, and theft. Funds raised from this program will be used to repair damaged devices, and replace devices.

** Please note the insurance fee covers one incident per device. After each incident insurance will need to be repurchased.

Without insurance, the charges will be as follows:

- Computer damage repair \$75
- Loss or Stolen Computer \$250
- Loss or Stolen Hotspot \$80

Our goal is to ease parent concerns over damage to devices while in their child's care and continue to support a sustainable take-home program for our schools.

You can sign your students device up for insurance during the enrollment window of September 2, 2020 thru September 14, 2020. After September 14, 2020 you will have 72 hours from the point the new device is issued to you to add the insurance coverage.

If you have any questions regarding the Policy or fees, please contact your school site.

Please click on the link below to purchase this voluntary coverage.
